

I travel long distances in my work. Searching for radio stations in each local area is an UNSAFE DISTRACTION to my driving; furthermore, I can't always find a station which is broadcasting the traffic and weather information I need when I need it. XM radio is providing a service which is very important to me. I therefore ask that you reject the National Association of Broadcasters' Petition 04-160 and allow XM radio to continue providing its valuable service to me. Thank you.
